INQUIRIES INTO PEACE & SUSTAINABILITY
A Learning Journey between
Dar es Salaam/Tanzania & Hamburg

2026/27

Part I: Dar es Salaam and surroundings:
9–22 November 2026 (plus travel days)

Part II: Hamburg and surroundings:
September 2027 (exact dates to be confirmed)

CALL FOR APPLICATIONS

Daka Network invites participants from Dar es Salaam and Hamburg to apply for a learning journey that brings together professional development and questions of systemic change.

By bringing together eight participants from each city, we leverage potential for long term collaborations in addressing local issues. Each part contains workshops, expert meetings and cultural events, as well as excursions.

Some of our core questions will be: How do we live together? How do we address structural inequalities? How do we relate across difference? And how do we co-create more just futures in our respective contexts and beyond?

Rather than offering ready-made answers, we offer a shared space for inquiry and understanding of our varied contexts.

THE LEARNING JOURNEY

The program consists of two interconnected parts:
Part I: Dar es Salaam and surroundings
9–22 november 2026 plus travel days

Part II: Hamburg and surroundings
September 2027 (exact dates to be confirmed)

Participants are expected to attend at least 70% of the learning activities in their respective hometown.

WHO?

Professionals and learners in the field of education, social work and sustainability from Dar es Salaam/Tanzania and Hamburg/Germany with ...

... willingness to learn and work alongside fellows from mixed backgrounds;

... willingness to reflect on structural conditions and their own positionality within them;

... motivation to co-create knowledge through dialogue and shared practice;

... commitment to participating in both parts of the journey.

We welcome applications from diverse professional backgrounds. What matters most is curiosity, openness, and a willingness to engage in a shared learning process.
